

DETAILED ACTION
EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mehdi Sheikerz on September 12, 2008.

The application has been amended as follows:

In the claims:

a. Claim 1, after last line insert --, and a connection request accepting unit for accepting a connection request from a newly introduced network machine; wherein when said connection request accepting unit accepts a connection request from a newly introduced network machine, said security diagnostic unit assigns an address to said newly introduced network machine after placing it in an isolated state and judges whether or not to execute processing for unisolating said newly introduced network machine as said security related processing on a basis of said machine information and said security information. --

b. Cancel claim 4.

c. Claim 5, line 1 – insert -- wherein -- after “claim 1,” ;
lines 2-6 – delete -- further comprising: a connection request accepting unit for accepting a connection request from a newly introduced network machine; wherein when said

connection request accepting unit accepts a connection request from a newly introduced network machine,- - ;

line 8 – replace “an” with - - the - - before “address”.

d. Cancel claims 6-24.

Allowable Subject Matter

2. Claims 1-3 and 5 are allowed.

3. The following is an examiner’s statement of reasons for allowance: The prior art of record does not teach or suggest the applicant’s invention as claimed in detail wherein said connection request accepting unit accepts a connection request from a newly introduced network machine, said security diagnostic unit assigns an address to said newly introduced network machine after placing it in an isolated state and judges whether or not to execute processing for unisolating said newly introduced network machine as said security related processing on a basis of said machine information and said security information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John B. Walsh whose telephone number is 571-272-7063. The examiner can normally be reached on Monday-Thursday from 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Follansbee can be reached on 571-272-3964. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
